MONEY MARKET.

Monday, May 19-6 P. M. The stock market opened rather heavy this morning. There was no material variation in quotations, and the transactions were to about the usual extent. We have no particular movement to notice in any or the leading sargies. The railroad stocks are well held, and there ap-pears to be considerable confidence in the future value of all the most prominent lines, and safety at permanent investing securities. There is no class of stocks so inti-mately connected with the progress and prosperity of the country at large, as those of railroad companies, and

they promise to be the most productive.

The receipts at the office of the Assistant Treasurer of this port, to-day, amounted to \$70,040; payments, \$578,-540 38; of which, \$515,000 was on account of Mexican awards—Balance, \$2.844,868 78.

The amount of U.S. stock issued to foreigners during the week ending the 16th inst., was \$76,600, of which \$5.000 were of the loan of 1840, and \$71,600 of the loan of 1847.

The steamship Franklin, from Havre and Cowes, brings some very favorable commercial intelligence. The advance in quotations for cotton and corn is most entournging, and must have a corresponding influence upon prices here. The news is three days later than that received by the previous arrival. The political received by the previous arrival. cal accounts are particularly interesting and important, and it is our impression that the movements going on in political circles will have a good effect upon financial

The receipts of the Cheshire Railroad Company Fr. April, 1851, amounted to \$19.343 50, against \$15 725 85 for the same month last year, showing an increase of \$4,017 68 in April, 1851.

The new three cent pieces have made their appearance in great numbers. They are the color of silver coins, though mixed with copper, and have about the same surface as a half dime, though thinner than that coin On one side is a star of six points, with the Union shield in the centre, and surrounded by the words "United States of America." The reverse is filled with the letter C, in the hollow of which are the numerias III, and thir-teen stars surrounding it. It will be a very convenient coin, and the government should coin an immense amount of them. They lose their silver appearance after a little use, when they will be more easily distinguished from the silver five cent pieces.

The Lehigh Canal Company gives notice to holders of the past due common loans, and the holders of the certificates of the arrears on the same, that it is ready to consolidate the two evidences of indebtedness, and to issue new certificates therefor, pursuant to a previous agreement among the creditors of the company.

The finance—the State of Connecticut, according to an official report, appear to be in a very favorable con-dition. The balance in the treasury March 31, 1859, was \$21,334 76; receipts of the year, \$148,259 88; making a total of \$166,684 64. The expenditures were \$110,214 47 being \$11,516 37 less than last year. In addition to the ordinary expenses, \$25,000 have been paid on the debt to the school fund, reducing it nearly one half. The balance in the treasury on the 31st of March, 1851, was \$26,266 22, which has been increased since to nearly \$29,000.

CITY TRADE REPORT.

CITY TRADE REPORT.

Monnay, May 19—6 P. M.

Resalutura.—We noticed more buoyancy in the Flour
market to-day, with more firmness in prices. The Eastcern and shipping inquiry was fair, and there was a good
business doing for city use. The transactions in fomestic
amounted to 11,000 barrels—superfine No. 2 at \$5 32 to
\$3.75, ordinary to straight State, at \$4.12 to \$4.15,
mixed to good Western, at \$4.06 to \$4.18, round hoop

Genesse, at \$4.68 to \$4.75. Canadian was more active,
2.500 bbls, having been sold, at \$4.12 to \$4.18, Southern,
being less freely offered, was rather better, with sales of
two bbls mixed to straight brands, at \$4.50 to \$4.75, and

City Mills, at \$6.50. Eye flour was more inquired after,
and about 400 bbls seld at \$3.37. In Med we heard of
no transactions. Jersey was quoted nominal, at \$5. and

\$80 to \$11, 2500 do mixed Genesse, at 97c; and 2.500
do Canadian, at \$50. Rye was quite scarce. It was held
at 75c, but purchasers were rather shy. There was a
good demand for Onts, without any decided change in
quotations, which were for Northern, 47c, to 48c, and
Jersey, 48c, to 46c. Berley was wholly inactive—it was
nominally quoted at \$1.10 \$1.10. There was a better
facting in the Cern market, with an animated Eastern
and shiping imquiry, and sales of 40,000 bushels ordinary
white, at \$6c; round and flat yellow, at \$6c; mixed
Western, 50c to 60; c.; and heated, 57c to \$8c.

Cerron.—There was a slightly better feeling in the
market to day, caused by the more favorable accounts
from Edverpool. The sales were 2,500 bales, including
faily good middling Georgia, at 10c. Middling Florida,
at \$9.5c. and \$60 bales barely middling New Orleans
and Pennessee, at 10c, most of which was taken for
Liverpool.

Provincess.—Petk was somewhat higher to-day,

Alverpool.
